

## II International Symposium on Electrical Stimulation Applied to Assistive Technologies

May, 10<sup>th</sup> 2016

UED auditorium – Faculdade de Ceilândia  
Universidade de Brasília

### PROGRAM

- |       |  |  |
|-------|--|--|
| 14h00 | <b>Opening</b><br>Emerson Fachin Martins, PhD - FCE/UnB – Brazil.  |  |
| 14h15 | <b>Electrical stimulation for sensorial diagnosis – challenges and possibilities</b><br>Franassis Barbosa de Oliveira, PT, PhD – UEG/UnB – Brazil.       |  |
| 15h00 | <b>Electrical stimulation for motor diagnosis</b><br>João Luiz Quagliotti Durigan, PT, PhD - FCE/UnB - Brazil.   |  |
| 15h45 | <b>Sensorymotor codification and decodification using electrode arrays</b><br>Antônio Padilha L. Bo, PhD, UnB – Brazil.                                  |  |
| 16h30 | <b>Coffee Break</b>  |  |
| 16h50 | <b>FES-cycling for paraplegic athletes: physiological and technical aspects</b><br>Juliana Araujo, PT – UnB, Brazil;<br>Lucas Fonseca, Ms., UnB, Brazil. |  |
| 17h15 | <b>FES-assisted pivot transfer for people with paraplegia</b><br>Ana Claudia G. Lopes, PT, SARAH, UnB, Brazil;<br>Roberto Baptista, PhD, UnB – Brazil.   |  |
| 17h40 | <b>Presentation of CACAO</b><br>Christine Azevedo Coste, PhD, INRIA, France.   | Lectures will be in Portuguese with simultaneous translation in French.<br> |
| 18h10 | <b>Closing</b>   |  |
